PETITION

Reduce speed limit on Trout Creek Road from 45 MPH to 35 MPH between Riverdale Road and Overland Road

December 5, 2022

Dear Aaron,

Enclosed are signatures for the petition to lower the speed limit on Trout Creek Road. Less than three percent of the people we approached declined to sign the petition. When we went to Trenty Lane, 100 percent of people we approached had no problem signing it. One of the homeowners on Trenty Lane said they thought the majority of residents on Trenty Lane would sign the petition due to the danger of the excess speed of many vehicles traveling on Trout Creek Road.

We did not approach the Black Berry subdivision due to the time frame on getting the petition to you in a fast tract manor.

We had former Police Chief of Green Bay, Jim Arts who also lives in Polo Point contact the Police Chief of Hobart on this issue as well and Jim's comment to me was that Chief Bandi was in agreement that something needs to be done with the speed limit on Trout Creek Road, Please let us know if there is anything more that we can do to make Trout Creek safe for both traffic and families that bike, walk and jog along this beautiful stretch road.

"Failure is not fatal, but failure to change might be." John Wooden

Thank you for your time and consideration.

PETITION

Reduce speed limit on Trout Creek Road from 45 MPH to 35 MPH between Riverdale Road and Overland Road

Background

- 1) With the development of the Thornberry Creek and Polo Point neighborhoods, the amount of foot and bicycle traffic has increased on Trout Creek Road. The speed limit on this road is currently set at 45 MPH, and many motorists exceed that limit. This presents a safety issue since there are no walking or biking paths at this time.
- 2) The speed limit on Overland Road from Trout Creek and north is already at 35 MPH.
- 3) Areas along Trout Creek continue to be developed, which will undoubtedly add to the foot and bike traffic.
